### AA FIVE STARS FOR BLYTHSWOOD SQUARE

Blythswood Square has become the first hotel in Glasgow to receive the coveted Five Stars from the AA.

The award recognises all areas of the business from front of house to the more operational day-to-day running of the 100 room hotel. A spokesman for the AA Hotel Services said: “AA Hotel Services is delighted to award Five Stars to Blythswood Square: the first hotel in Glasgow to achieve an AA Five Star rating. This is in recognition of Blythswood Square’s consistent excellence across all standards of operation, including housekeeping, service and hospitality.”

Hans Rissmann, Managing Director, said: ‘We have been enjoying a particularly successful period in terms of winning awards here at Blythswood Square, however, this latest one from AA Hotel Services is very special as we’re the first property in the city to receive it. The AA brand is known nationally and internationally and as such the standards required in order to achieve it are very exacting. It is recognition for each member of staff and a great demonstration of teamwork.’
