

‘Party Like The Stars’ At the Exclusive 5* Blythswood Square VIP Hotel for the MOBO Awards

Follow in the footsteps of P Diddy and host an exclusive pool and spa party at the glamorous 5* Blythswood Square, VIP Hotel for the MOBO Awards 5th October 2011.

Glasgow is one of the most popular destinations in the UK for award winning music – it has something to suit everyone from opera to R&B and intimate gigs so if you plan to visit this vibrant city to indulge your musical tastes then why not go one step further and hire the spa for an exclusive party?

The Spa has fully embraced it’s Scottish heritage and is home to Glasgow’s only Seaweed Bath Chamber filled with healing organic seaweed sourced from the Hebrides and it features the UK’s first indigenous Scottish treatments.

Guests can indulge in bespoke natural treatments using Scotch Thistle extract, Scottish seaweed and a selection of

treatments from the luxurious Anne Sémonin and ila product houses. The marble Heat Suite offers a range of hot and cold experiences including a large hydrotherapy pool and the 11m relaxation pool leads to the decadent Dark Pool where guests can float undisturbed. Seductive, sophisticated and stylish, **The Spa** at Blythswood Square offers the perfect private party venue. To hire prices start at £2000.00

Blythswood Square is located in the heart of the city centre on one of Glasgow’s green spaces, ideal for attending a musical event. The hotel captures the glamour of a bygone era whilst showcasing the latest in designer styling as befits this vibrant and sociable city and the hotel’s chic **cocktail bar** is the ideal place to start or finish any evening of entertainment.

For immediate release: August 2011

Blythswood Square features 100 bedrooms including four spacious suites and an enticing top floor penthouse. In addition to housing Glasgow's first luxury spa **Blythswood Square** also features a restaurant, bars, a private screening room and event facilities. The hotel is one of Scotland's most environmentally-friendly hotels through the incorporation of renewable energy technologies to achieve reduced carbon emissions.
